EDUCATION

Computer Science

Multimedia University of Kenya

09/2020 - Present

Nairobi, Kenya

PERSONAL PROJECTS

Stock Analysis (03/2023 - 06/2020)

- Performed a comprehensive Exploratory Data Analysis on stock data from various companies such as Apple and Tesla and assisted interested investors be able to forecast their returns.

Food Recipe Recommendation (09/2022 - 04/2023)

- Built a fun recipe website where users are able to generate filtered results based on multiple factors such as nutritional benefits, users health condition among others.

WORK EXPERIENCE

Data Scientist

Ramana Tech School

06/2023 - Present

Nairobi, Kenya

Achievements/Tasks

- Working with a team of 5 people to build a recommendation ML model which can fit into almost any field

Contact: Saikumar Allaka - saikumar.allaka2012@gmail.com

IT intern

Molo Law Courts

05/2022 - 08/2022

Nakuru, Kenya

Achievements/Tasks

- Installed and configured new and existing hardware and software.
- Troubleshooting and resolving technical issues, such as network connectivity problems, software glitches, and hardware malfunctions.
- Maintaining and updating the IT systems, including security protocols, system backups, and regular software updates.
- Providing training and support to employees on how to use various software and hardware, such as email systems, project management tools, and other applications.
- Monitoring the network performance and ensuring that the network is running smoothly and efficiently.
